MUNICIPAL BY-LAWS

THE CORPORATION OF THE TOWNSHIP OF CHILLIWHACK

A by-law to provide for adapting drainage to irrigation and water-supply purposes for certain parts of the Township of Chilliwack and for borrowing on the credit of the municipality the sum of eight thousand dollars for completing the same. Provisionally adopted the 26th day of May, 1952.

WHEREAS two-thirds in number and value of the owners, as shown by the last revised assessment roll, of property hereinafter set forth to be benefited by adapting drainage to irrigation and water-supply purposes, have petitioned the Council of the said Township of Chilliwack, praying that the Township of Chilliwack adapt the "Big Ditch" which lies to the east of the Upper Prairie Road and a portion of the "Centre Line Ditch," also the "English Ditch," and "Elk Creek Ditch," for irrigation purposes, the properties being located in Township 26 and District Lot 384, Group 2.

And whereas thereupon the said Council procured an examination to be made by D. J. McGugan, being a person competent for such purpose, of the said locality proposed to be irrigated and has also procured plans and estimates of the work to be made by the said D. J. McGugan, and an assessment to be made by him of the land to be benefited by such irrigation, stating as nearly as he can the proportion of the benefit which, in his opinion, will be derived in consequence of such irrigation by every lot, or portion of lot. The said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said D. J. McGugan in respect thereof and of the said irrigation being as follows:—

"REPORT OF ENGINEER, EAST CHILLIWHACK IRRIGATION

"We have made reasonably comprehensive surveys of the watercourses and ditches in the East Chilliwack area adjoining Upper Prairie Road, Chilliwack Central Road and Centre Line Ditch, with the idea of assessing the practicability of summer irrigation. We think the scheme is both feasible and practicable.

"In accordance with a decision given by the Comptroller of Water Rights at Victoria, following a hearing covering all phases of the disposal of waters in Hope Slough, we are allowed to pump out of Hope Slough as long as the level of water in said slough at the Upper Prairie Road does not

go below the elevation of 32.0 as shown on our plans, attached to a previous report dated December 22, 1951.

"Under the terms of the above decision, we can erect a small dam with control gates on Hope Slough at the Gregg Road. This will be left until a later date.

"There will be a flume and head gates on the Big Ditch at Hope Slough, which will retain the waters from Elk Creek and the Big Ditch, allowing for an overflow beginning when the water in Big Ditch at Hope Slough rises above an elevation of 37.5 feet.

"A control gate will also be installed on the culvert running parallel to the Upper Prairie Road at Chilliwack Central Road, to hold water above the culvert. An overflow will also be installed to allow all water above an elevation of 39.5 to flow down the Big Ditch.

"In the two above structures, a pile foundation is provided for the installation of pump and motor at each location, when such installation is deemed necessary.

"No further work at the moment is proposed on the 36-inch culvert across Upper Prairie Road at the Centre Line Ditch. Any necessary control at this culvert will be exercised by use of the Calco Gate on the east end of culvert.

"A gravel and earth dam will be installed in the Centre Line Ditch in the same location, and of the same size as the one installed and used in 1951.

"We think that the scheme is both feasible and practical. The life of the structures should be twenty-five years. The cost per acre per year for five years including interest at 4¼ per cent will be \$2,235.2.

"Estimate of Cost of Scheme

" 1. Hope Slough and Upper Prairie Road — Install flume and control gates to regulate flow of water.....	\$3,649.11
" 2. Upper Prairie Road and Chilliwack Central Road—Install control gates to regulate flow of water	689.52
" 3. Centre Line Ditch (1¼ miles west of Upper Prairie Road) — Install dam with gravel.....	100.00
" 4. Recognized claim for cost of works constructed as an emergency measure in 1951 by the Springbank Dehydration Ltd. and which works being of a permanent nature can be and are incorporated as part of the scheme to adapt the drainage system to irrigation and water-supply purposes .....	1,853.03
" 5. Cost of obtaining water licence—	
(1) Legal services, etc....	\$310.00
(2) Engineering services, etc. ....	1,100.00
(3) Advertising .....	300.00
(4) Contingencies .....	498.34
	2,208.34
	\$8,500.00"

And whereas the said Council is of the opinion that the irrigation of the locality described is desirable:

Be it therefore enacted by the said Municipal Council of the said Township of Chilliwack, pursuant to the provisions of the "Municipal Act":—

1. That the said reports, plans, and estimates be adopted, and the said irrigation adaptation, and the works connected therewith, be made and constructed in accordance therewith.

2. That the Reeve of the said Township of Chilliwack may borrow on the credit of The Corporation of the Township of Chilliwack the sum of eight thousand dollars (\$8,000), being the funds necessary for the work, from The Royal Bank of Canada and issue a note therefor, payable within five years from the date thereof, with interest at the rate of 4¼ per centum per annum.

3. That for the purpose of paying the sum of eight thousand dollars, being the amount charged against the said lands so to be benefited as aforesaid, other than lands belonging to the municipality, and to cover interest thereon for five years at the rate of 4¼ per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied upon the undermentioned lots and parts of lots; and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid in each year for five years after the final passing of this by-law during which the said note has to run, the said special rate schedule being attached to and forming part of this by-law.

4. This by-law may be cited for all purposes as the "East Chilliwack Irrigation By-law."

Court of Revision

If you deem the property improperly assessed, you may personally, or by means of a complaint in writing, or by a solicitor, or by any other person authorized in writing to appear on your behalf, bring your complaint and the evidence in support thereof before the Court of Revision of the municipality which will be held at the Municipal Hall, Chilliwack, B.C., on July 18th, 1952, at the hour of 10 a.m. Notice of appeal must be in the hands of the Clerk not later than July 10th, 1952.

Dated this 18th day of June, 1952.

J. A. MULFORD,
